To: Evanston Wyoming Interact Club officers, members and Student of the Month:

In an effort to increase awareness, understanding, and interaction between the Evanston Wyoming Rotary Club members and Interact Club members, a specific page has been created on the Evanston Wyoming Rotary Club website for the Evanston Wyoming Middle School's; Interact Club; and Student Exchange(s). This page has been added and created for posting on the internet: information, links, and photos about students associated with Rotary, including activities, names and pictures.

In order to comply with federal and state internet rules and regulations regarding the posting of information, names and photos of minors; as webmaster, I need have you the student and your legal guardian or parent's grant written permission to post any and all activities and information, names and photos of students who are under the age of 18 years old, on our club's website. Therefore, please read, sign, and return the attached form to one of the Interact Advisors, and or Student of the Month sponsors.

In service above self,

Rob Sachs
